INFORMATION ABOUT THE INDEPENDENT HEARING AND ASSESSMENT PANEL

Background

Council, at its meeting of 27 May 2008, resolved that an Independent Hearing and Assessment Panel be established to provide increased transparency and probity in the development application assessment process and to provide an independent forum for stakeholders (applicants and objectors) to present and discuss issues relating to controversial development proposals.

The Panel consists of four (4) members to represent the areas of:

- Law
- Town Planning
- Urban Design
- Environment
- Community

Purpose:

An independent forum for stakeholders (applicants, the community and objectors) to submit and discuss issues relevant to the following types of Development Applications:

1. Class 2 to 9 buildings under the Building Code of Australia (BCA) including residential flat buildings, mixed use developments, retail and commercial, industrial, motels, hospitals, clubs etc., with a construction cost greater than $1 million and where Council has received 5 or more unresolved objections, with the exception of:
   i. Subdivision of existing or approved development;
   ii. Change of use or fit out of a property/tenancy;
   iii. Signage applications;
   iv. Modifications of consent and alterations and additions;

2. Residential subdivisions creating 5 or more lots and where Council has received 5 or more unresolved objections.

3. Multi-dwelling housing including townhouses and villas involving 5 or more dwelling units and where Council has received 5 or more unresolved objections.

4. Applications involving variations to LEP development standards.

5. Applications involving a use only permitted after satisfying the provisions of clause 11 of Wollongong LEP 1990 and where Council has received 2 or more unresolved objections.

6. All development applications where Council is the owner of the land and the proposal involves a commercial activity or where Council holds a commercial interest.

7. Applications lodged by a Councillor, Administrator, State or Federal Member of Parliament, or Council Officer, (other than Complying Development Certificate applications).

8. Applications which are the subject of a Section 82A Review of Determination where the original application had been considered by IHAP or determined by full Council.

Note: Applications will not be referred to the IHAP where the proposal is non-compliant with the LEP and DCP(s), or where fundamental information has been requested and not received and the application is determined by refusing consent.

Quorum:

A minimum of three (3) Panel members shall form a quorum and any duly convened hearing at which a quorum is present shall be competent to perform the Panel’s functions.
Conflicts of Interest

The first item of business at Panel Inspections and Public Hearings will be Panel members declaring any pecuniary or conflicts of interest that may prevent them from participating in or considering any particular item on the agenda.

Frequency of Meetings:

One meeting will be held each month. Additional meeting may be held as required.

Recommendations of the Panel:

On conclusion of the public hearing, the Panel will convene in private, agree on its findings and recommendations and record the findings and recommendations in a standard format for presentation to Council. The Panel’s recommendations become public after the meeting and prior to the next scheduled Council meeting.
